pLVX-tdTomato-C1 Vector

Catalog No. 632564
Amount 20 µl
Lot Number Specified on product label.

Description
This lentiviral expression vector encodes the tdTomato fluorescent protein tag. This very bright red fluorescent protein is a genetic fusion of two copies of dTomato (Proc. Nat. Acad. Sci., 2002), which was specifically designed for low aggregation. It adopts an intramolecular tandem dimer structure that contributes to its exceptional brightness, yet it behaves like a monomer. Inserting a cDNA in the MCS downstream of the tdTomato coding sequence joins your protein of interest to the C-terminus of the tag and allows the fusion protein to be tracked and studied in transduced cells.

To package the vector into high-titer, replication-incompetent lentivirus, we recommend using the Lenti-X™ HTX Packaging System (Cat. No. 631247) and the Lenti-X 293T Cell Line (Cat. No. 632180). The resulting lentivirus can then be used to transduce virtually any mammalian cell type.

Package Contents
• 20 µl pLVX-tdTomato-C1 Vector (500 ng/µl)

Storage Conditions
• Store plasmids at –20°C.
• Spin briefly to recover contents.
• Avoid repeated freeze/thaw cycles.

Shelf Life
• 1 year from date of receipt under proper storage conditions.

Storage Buffer
• 10 mM Tris-HCl (pH 8.0), 1 mM EDTA (pH 8.0)

Concentration
• 500 ng/µl

Shipping Conditions
• Dry ice (–70°C)

Product Documents
Documents for our products are available for download at takarabio.com/manuals
The following documents apply to this product:
• Lenti-X Lentiviral Expression Systems User Manual
• pLVX-tdTomato-C1 Vector Information
Propagation in *E. coli*
- Recommended host strain: Stellar™ Competent Cells (Cat. No. 636763).
- Selectable marker: Plasmids confer resistance to ampicillin (100 μg/ml) in *E. coli* hosts.
- *E. coli* replication origin: pUC

NOTICE TO PURCHASER:

Our products are to be used for Research Use Only. They may not be used for any other purpose, including, but not limited to, use in humans, therapeutic or diagnostic use, or commercial use of any kind. Our products may not be transferred to third parties, resold, modified for resale, or used to manufacture commercial products or to provide a service to third parties without our prior written approval.

Your use of this product is also subject to compliance with the licensing requirements, listed below if applicable, and described on the product’s web page at [http://www.takarabio.com](http://www.takarabio.com). It is your responsibility to review, understand and adhere to any restrictions imposed by these statements.

STATEMENT 44

The DsRed-Monomer and the Fruit Fluorescent Proteins are covered by one or more of the following U.S. Patents: 7,005,511; 7,157,566; 7,393,923 and 7,250,298.

STATEMENT 56

Takara Bio USA, Inc. has a license to sell products containing WPRE, under the terms described below. Any use of WPRE outside of Takara Bio USA’s product or the product’s intended use, requires a license as detailed below. Before using the product containing WPRE, please read the following license agreement. If you do not agree to be bound by its terms, contact Takara Bio USA within 10 days for authorization to return the unused product containing WPRE and to receive a full credit. Patents: The WPRE technology is covered by one or more of the following U.S. Patents and corresponding patent claims outside the U.S.: 6,136,597; 6,284,469; 6,312,912; 6,287,814, issued to The Salk Institute for Biological Studies. Individual License Agreement: Takara Bio USA grants you a non-exclusive license to use the enclosed product containing WPRE in its entirety for its intended use. The product is being transferred to you in furtherance of, and reliance on, such license. Any use of WPRE outside of Takara Bio USA’s product or the product’s intended use, requires a license from the Salk Institute for Biological Studies. Termination of License: This license agreement is effective until terminated. You may terminate it at any time by destroying all products containing WPRE in your control. It will also terminate automatically if you fail to comply with the terms and conditions of the license agreement. You shall, upon termination of the license agreement, destroy all products containing WPRE in your control, and so notify Takara Bio USA in writing. This License shall be governed in its interpretation and enforcement by the laws of the State of California. Contact for WPRE Licensing: The Salk Institute for Biological Studies 10010 North Torrey Pines Road La Jolla, CA 92037 Attn.: Office of Technology Management Phone: 858.453.4100 ext. 1275 Fax: 858.546.8093

Notice to Purchaser

Living Colors Fluorescent Protein Products:

Not-For-Profit Entities: Orders may be placed in the normal manner by contacting your local representative or Takara Bio USA, Inc. Customer Service. Any and all uses of this product will be subject to the terms and conditions of the Non-Commercial Use License Agreement (the “Non-Commercial License”), a copy of which can be found below. As a condition of sale of this product to you, and prior to using this product, you must agree to the terms and conditions of the Non-Commercial License. Under the Non-Commercial License, Takara Bio USA, Inc. grants Not-For-Profit Entities a non-exclusive, non-transferable, non-sublicensable and limited license to use this product for internal, non-commercial scientific research use only. Such license specifically excludes the right to sell or otherwise transfer this product, its components or derivatives thereof to third parties. No modifications to the product may be made without express written permission from Takara Bio USA, Inc. Any other use of this product requires a different license from Takara Bio USA, Inc. For license information, please contact a licensing representative by phone at 650.919.7320 or by e-mail at licensing@takarabio.com.

For-Profit Entities wishing to use this product are required to obtain a license from Takara Bio USA, Inc. For license information, please contact a licensing representative by phone at 650.919.7320 or by e-mail at licensing@takarabio.com.

Not-For-Profit Non-Commercial Use License:

STATEMENT 55

cPPT Element. This product and its use are the subject to one or more of the following U.S. Pat. Nos. 6,682,907, 7,981,671, 8,093,042, 8,367,068, 8,460,678, 8,512,994 and foreign equivalents. The purchase of this product conveys to the buyer the non-transferable right to use the purchased amount of the product and components of the product in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The buyer cannot disclose information, sell or otherwise transfer this product, its components or materials made using this product or its components to a third party or otherwise use this product or its components or materials made using this product or its components for any commercial purposes. If the buyer is not willing to accept the limitations of this limited use statement, Takara Bio USA, Inc. is willing to accept return of the product with a full refund. For information on purchasing a license to the DNA-Flap technology for purposes other than research, contact the Transfer of Technology Office, Institut Pasteur, 28 rue du Docteur Roux, 75 724 Paris Cedex 15 (wwwPasteur.fr).
