

Certificate of Analysis

RLP-CRE Lenti 11
0059VCT

rV2.1A1.4642 C2
RLP: RNA Lentiviral Particle/ CRE

User manuals are available at: <http://www.clontech.com/manuals>.

BIOLOGICAL PRODUCTS: Defective lentiviral based vectors expressing a sequence of interest

Country of Origin : FRANCE

	Result	Unit
Titer (<i>p24</i> *)	90,77	µg P24/mL

*Ratio p24 to PP used : 1,0E¹⁰ PP for 1 µg p24

Toulouse, the 28th of May, 2018

R. AYRAL,
Quality control Officer

STORAGE: -80°C

The viral vectors must be kept at -80°C immediately upon receipt.

SHELF Life : 1 year from date of receipt under proper storage conditions.

THAWING PROTOCOL

Immediately upon removal from -80°C storage, the vials must be placed directly on ice. Once thawed on ice, place the vials at room temperature just before cell transduction.

VECTOR DILUTION

To dilute the vectors, use a cell culture medium or PBS at room temperature just before cell transduction in order to avoid a thermal shock once the vectors have thawed.

The use of **gloves** and **disposable lab coats** when working with viral derived vectors is strongly recommended. This product must be handled only inside a biological safety cabinet with BSL-2 + precautions. The manufacturing of our products is carried out in mycoplasma free cells and in a Biosafety Level 2 facility monitored for microbiological contamination.

The use of lentiviral derived vectors requires laboratory biosafety procedures and practices in accordance with your country regulations:

vectalys@vectalys.com

VECTALYS sells LentiFlash under End User Limits, for internal research purpose only. The Purchaser cannot use, transfer, resale, modify for resale LentiFlash to any third party whether it is a non-profit organization or a for-profit organization. The use LentiFlash is also subject to compliance with any applicable licensing requirements described on the LentiFlash RNA Lentiviral Particles Kits' web page at <http://www.clontech.com>. It is the Purchaser's responsibility to review, understand, and adhere to any restrictions imposed by such statements. CAUTION: NOT FOR CLINICAL DIAGNOSTIC OR THERAPEUTIC USE. THE SAFETY AND EFFICACY OF THIS PRODUCT IN DIAGNOSTIC OR OTHER CLINICAL USES HAS NOT BEEN ESTABLISHED.

SYMBOL :

CLASSIFICATION : Biorisk class 2 and BSL 2 for use
