PRODUCT: pRetroQ-DsRed Monomer-N1 Vector

CATALOG No. 632507
AMOUNT 20 µg

LOT NUMBER
Specified on product label.

STORAGE CONDITIONS

- Store all components at -20°C.
- Spin briefly to recover contents.
- Avoid repeated freeze/thaw cycles.

STORAGE BUFFER
10 mM Tris-HCl (pH 8.0)
1 mM EDTA (pH 8.0)

SHELF LIFE
1 year from date of receipt under proper storage conditions.

SHIPPING CONDITIONS
Blue ice (4°C) or dry ice (-70°C)

DESCRIPTION
The pRetroQ-DsRed Monomer-N1 vector is a high titer, self-inactivating retroviral expression vector that is optimized to eliminate promoter interference from the upstream LTR in the integrated provirus. This vector expresses a monomeric mutant of the *Discosoma* sp. red fluorescent protein (DsRed). pRetroQ-DsRed Monomer-N1 allows cloning of genes into the multiple cloning site (MCS) upstream of the DsRed-Monomer coding sequence, which are subsequently expressed as fusions to the N-terminus of the DsRed-monomer protein. This vector allows the expression of fluorescent fusion proteins in difficult-to-transfect cells. It also contains a puromycin selection marker for selection of stable integrants. The unmodified vector will express DsRed-Monomer protein and may be used to produce marker virus to optimize infection protocols.

CONCENTRATION: 500 ng/µl

PLASMID SIZE: 7.6 kb

CLONING SITES: *Apa* I, *Bam*HI, *Bst*BI, *Eco*RI, *Nhe*I, *Sal*I, *Xho*I

ANTIBIOTIC RESISTANCE
Ampicillin (100 µg/ml, for propagation in Fusion-Blue Competent Cells)

PACKAGE CONTENTS

- 1 tube of pRetroQ-DsRed Monomer-N1 Vector
- Retroviral Gene Transfer and Expression User Manual (PT3132-1)
- pRetroQ-DsRed Monomer-N1 Vector Information Packet (PT3881-5)

FOR RESEARCH USE ONLY

QUALITY CONTROL DATA

- Digestion with the indicated restriction enzymes produced fragments of the indicated sizes on a 0.8% agarose/EtBr gel:

Enzymes(s)	Fragment(s)
<i>Stu</i> I	4.8, 1.5, 0.8, 0.6 kb

- A_{260}/A_{280} : 1.8 – 2.0

Notice to Purchaser

Clontech products are to be used for research purposes only. They may not be used for any other purpose, including, but not limited to, use in drugs, *in vitro* diagnostic purposes, therapeutics, or in humans. Clontech products may not be transferred to third parties, resold, modified for resale, or used to manufacture commercial products or to provide a service to third parties without written approval of Clontech Laboratories, Inc.

Not-For-Profit Entities: Orders may be placed in the normal manner by contacting your local representative or Clontech Customer Service at 650.919.7300. At its discretion, Clontech grants Not-For-Profit Entities a non-exclusive, personal, limited license to use this product for non-commercial life science research use only. Such license specifically excludes the right to sell or otherwise transfer this product, its components or derivatives thereof to third parties. No modifications to the protein coding sequence may be made without express written permission from Clontech. Any other use of this product requires a license from Clontech. For license information, please contact a licensing representative by phone at 650.919.7320 or by e-mail at licensing@clontech.com.

For-Profit Entities wishing to use this product are required to obtain a license from Clontech. For license information, please contact a licensing representative by phone at 650.919.7320 or by e-mail at licensing@clontech.com or [click here for more information](#).

For Research Use Only, Not for Use in Humans.

This product is covered under U.S. Patent No. 7,250,298.
