

ThruPLEX® DNA-seq 96D Kit

| Catalog No. | Amount | Lot Number |
|--------------------|---------------|-----------------------------|
| R400407 | 96 rxns | Specified on product label. |

Description

The ThruPLEX DNA-seq 96D Kit includes all necessary reagents for generating and multiplexing DNA-seq libraries. Once purified and quantified, the resulting library is ready for Illumina® NGS instruments using standard Illumina sequencing reagents and protocols. Only 50 pg to 50 ng of fragmented double-stranded DNA is required for library preparation. The entire three-step workflow takes place in a single tube or well in about two hours. No intermediate purification steps or sample transfers are necessary, preventing handling errors and loss of valuable samples. This kit includes reagents sufficient for 96 reactions.

Package Contents

- 2 x 96 µl Template Preparation Buffer
- 2 x 48 µl Template Preparation Enzyme
- 2 x 48 µl Library Synthesis Buffer
- 2 x 48 µl Library Synthesis Enzyme
- 2 x 1,200 µl Library Amplification Buffer
- 2 x 48 µl Library Amplification Enzyme
- 384 µl Nuclease-Free Water
- 1 Dual Index Plate (96D)

Storage Conditions

- Store at -20°C

Shelf Life

- 1 year from date of receipt under proper storage conditions.

Shipping Conditions

- Dry ice (-70°C)

Product Documents

Documents for our products are available for download at takarabio.com/manuals

The following documents apply to this product:

- ThruPLEX DNA-seq Kit User Manual
- ThruPLEX DNA-seq Kit Protocol-At-A-Glance

Certificate of Analysis

Cat. No. R400407

ThruPLEX DNA-seq 96D Kit

Quality Control Data

These components have been functionally validated with 200 pg of Covaris-sheared DNA to produce indexed libraries that have been amplified and quantified by real-time PCR followed by sequencing on the Illumina sequencing platform.

Quality Control Testing

| Test Parameter | Result |
|------------------------|--------|
| Estimated library size | Pass |
| % mapped reads | Pass |
| % mismatch rate | Pass |

It is certified that this product meets the above specifications, as reviewed and approved by the Quality Department.
