

# **Safety Data Sheet**

This safety data sheet complies with the requirements of: JIS Z 7253:2019

# Revision Date 2022-09-12

Revision Number 10

### 1. Identification

**Product Name** 0.1% BSA Product Code CAS No **Registration number** 

SD0010 7732-18-5

No information available Details of the supplier of the safety data sheet

#### Supplier

Japan: Takara Bio Inc. Nojihigashi 7-4-38 Kusatsu, Shiga 525-0058, Japan Phone: +81.77.565.6972 Web: www.takara-bio.com

China:

Takara Biomedical Technology (Beijing) Co., Ltd. Life Science Park, 22 KeXueYuan Road, Changping District, Beijing 102206, China Phone: +86.10.8072.0980 Web: www.takarabiomed.com.cn

**Emergency telephone number** 

In case of emergency, call PERS (Professional Emergency Resource Services) 1-800-633-8253 (US) or 801-629-0667 (international).

#### Recommended use of the chemical and restrictions on use

Identified uses For research use only. Not for use in diagnostic procedures Restrictions on use No information available

#### 2. Hazard(s) identification

#### GHS Classification

| Not classified                                     |                                |
|--|--------------------------------|
| Acute toxicity - Oral                              | Classification not possible    |
| Acute toxicity - Dermal                            | Classification not possible    |
| Acute toxicity - Inhalation (Gases)                | Classification not applicable  |
| Acute toxicity - Inhalation (Vapors)               | Classification not possible    |
| Acute toxicity - Inhalation (Dusts/Mists)          | Classification not possible    |
| Skin corrosion/irritation                          | Classification not possible    |
| Serious eye damage/eye irritation                  | Classification not possible    |
| Respiratory sensitization                          | Classification not possible    |
| Skin sensitization                                 | Classification not possible    |
| Germ cell mutagenicity                             | Classification not possible    |
| Carcinogenicity                                    | Classification not possible    |
| Reproductive toxicity                              | Classification not possible    |
| Effects on or via lactation                        | No effects on or via lactation |
| Specific target organ toxicity (single exposure)   | Classification not possible    |
| Specific target organ toxicity (repeated exposure) | Classification not possible    |
| Aspiration hazard                                  | Classification not possible    |
| Acute aquatic toxicity                             | Classification not possible    |
| Chronic aquatic toxicity                           | Classification not possible    |
| Ozone  | Classification not possible    |

#### GHS label elements

Hazard Statements Not classified

Prevention

Not applicable

Response • Not applicable Storage • Not applicable Disposal • Not applicable

<u>Other hazards</u> No information available.

3. Composition/information on ingredients

# Pure substance/mixture CAS No

Mixture 7732-18-5

The product contains no substances which at their given concentration, are considered to be hazardous to health.

Until March 31, 2023 Pollutant Release and Transfer Register (PRTR) Not applicable

After April 1, 2023 Pollutant Release and Transfer Register (PRTR) Not applicable

#### Industrial Safety and Health Law ISHL Notifiable Substances

ISHL Notifiable Substances Not applicable

Harmful Substances Whose Names Are to be Indicated on the Label Not applicable

#### **Poisonous and Deleterious Substances Control Law**

Not applicable

### 4. First-aid measures

| In case of inhalation                              | Remove to fresh air.   |
|--|--|
| In case of skin contact                            | Wash skin with soap and water.   |
| In case of eye contact                             | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| In case of ingestion                               | Rinse mouth.   |
| Most important symptoms/effects, acute and delayed | No information available.  |
| Note to physicians                                 | Treat symptomatically.   |

| 5. Fire-fighting measures   |  |  |  |
|---|--|--|--|
| Suitable Extinguishing Media  | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                            |  |  |
| Unsuitable extinguishing media                                      | Do not scatter spilled material with high pressure water streams.  |  |  |
| Specific hazards arising from the chemical                          | No information available.  |  |  |
| Special Extinguishing Media<br>Large Fire                           | Cool drums with water spray.<br>CAUTION: Use of water spray when fighting fire may be inefficient.                                 |  |  |
| Special protective equipment and precautions for fire-fighters      | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |  |  |
| 6. Accidental release measures                                      |  |  |  |
| Personal precautions, protective equipment and emergency procedures | Ensure adequate ventilation.   |  |  |
| For emergency responders  | Use personal protection recommended in Section 8.  |  |  |
| Environmental precautions   | See Section 12 for additional Ecological Information.  |  |  |
|   |  |  |  |
| Methods for containment   | Prevent further leakage or spillage if safe to do so.  |  |  |
| Methods for containment<br>Methods for cleaning up                  | Prevent further leakage or spillage if safe to do so.<br>Pick up and transfer to properly labeled containers.                      |  |  |

# 7. Handling and storage

| <u>Handling</u><br>Advice on safe handling<br><u>Storage</u><br>Storage Conditions | Handle in accordance with good industrial hygiene and safety practice.   |  |
|--|--|--|
|  | Keep containers tightly closed in a dry, cool and well-ventilated place. |  |

|   | 8. Exposure controls/personal protection  |
|---|---|
| Engineering controls  | Showers<br>Eyewash stations   |
| Exposure guidelines   | Ventilation systems.<br>This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.                   |
| Biological occupational exposure limits   | This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies   |
| Environmental exposure controls<br><u>Personal Protective Equipment</u><br>Respiratory protection | No information available.<br>No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. |
| Eye/face protection   | No special protective equipment required.   |

No special protective equipment required.

#### 9. Physical and chemical properties

#### Information on basic physical and chemical properties

| Appearance<br>Physical state<br>Color | Clear, colorless<br>Liquid<br>Clear |                          |
|---------------------------------------|-------------------------------------|--------------------------|
| Odor                                  | Odorless                            |                          |
| Odor Threshold                        | No information available            |                          |
|                                       |                                     |                          |
| Property                              | Values                              | Remarks • Method         |
| Melting point / freezing point        | No data available                   | No information available |
| Boiling point/boiling range (°C)      | No data available                   | No information available |
| Flammability (solid, gas)             | No data available                   | No information available |
| Upper/lower flammability or explos    | ive limits                          |                          |
| Upper flammability limit:             | No data available                   |                          |
| Lower flammability limit:             | No data available                   |                          |
| Flash point                           | No data available                   | ASTM D 56                |
| Evaporation Rate                      | No data available                   | No information available |
| Autoignition temperature              | No data available                   | No information available |
| Decomposition temperature             | No data available                   | No information available |
| pH                                    | No data available                   | No information available |
| Viscosity                             |                                     |                          |
| Kinematic viscosity                   | No data available                   | No information available |
| Dynamic Viscosity                     |                                     | No information available |
| Water solubility                      | No data available                   | No information available |
| Solubility in other solvents          | No data available                   | No information available |
| Partition Coefficient                 | No data available                   | No information available |
| (n-octanol/water)                     |                                     |                          |
| Vapor pressure                        | No data available                   | No information available |
| Vapor density                         | No data available                   | No information available |
| Relative density                      | No data available                   | No information available |
| Particle characteristics              |                                     |                          |
| Particle Size                         | No data available                   | Not applicable           |
| Particle Size Distribution            | No data available                   | Not applicable           |
|                                       |                                     |                          |
| Other information                     |                                     |                          |
| Explosive properties                  | No information available            |                          |
|                                       |                                     |                          |

No information available

10. Stability and reactivity

 Reactivity
 No information available.

 Chemical stability
 Stable under normal conditions.

 Possibility of hazardous reactions
 None under normal processing.

 Incompatible materials
 None known based on information supplied.

 Hazardous Decomposition Products
 None known based on information supplied.

 Explosion Data
 Sensitivity to static discharge

 Sensitivity to mechanical impact
 None.

11. Toxicological information

Acute toxicity

**Oxidizing properties** 

Numerical measures of toxicity - Product Information

0.9 % of the mixture consists of ingredient(s) of unknown acute oral toxicity
0.9 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity
0.9 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)
0.9 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)

0.9 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

| Symptoms                          | No information available.  |  |  |
|-----------------------------------|--|--|--|
| Product Information               |  |  |  |
| Ingestion                         | Specific test data for the substance or mixture is not available.                              |  |  |
| Inhalation                        | Specific test data for the substance or mixture is not available.                              |  |  |
| Skin contact                      | Specific test data for the substance or mixture is not available.                              |  |  |
| Eye contact                       | Specific test data for the substance or mixture is not available.                              |  |  |
| Skin corrosion/irritation         | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| Serious eye damage/eye irritation | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| Respiratory or skin sensitization | Classification not possible.   |  |  |
|                                   |  |  |  |
| Germ cell mutagenicity            | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| Carcinogenicity                   | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| Reproductive toxicity             | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| STOT - single exposure            | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| STOT - repeated exposure          | Based on available data, the classification criteria are not met. Classification not possible. |  |  |
| Aspiration hazard                 | Based on available data, the classification criteria are not met. Classification not possible. |  |  |

| 12. Ecological information     |  |  |
|--------------------------------|--|--|
| Ecotoxicity                    | Classification not possible.   |  |
| Percentage for unknown hazards | 0.9 % of the mixture consists of component(s) of unknown hazards to the aquatic environment. |  |
| Persistence and degradability  | No information available.  |  |

| Bioaccumulation                                       | No information available.   |  |  |
|---|---|--|--|
| Hazardous to the ozone layer<br>Other adverse effects | Classification not possible. Based on available data, the classification criteria are not me<br>No information available. |  |  |
| 13. Disposal considerations                           |   |  |  |
| Waste from residues/unused<br>products                | Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.           |  |  |
| Contaminated packaging                                | Do not reuse empty containers.  |  |  |
|   |   |  |  |
|   | 14. Transport information   |  |  |

| IMDG | Not regulated |

This SDS complies with the requirements of JIS Z 7253:2019 (Japan). The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

#### Notice to Purchaser:

Our products are to be used for research purposes only. They may not be used for any other purpose, including, but not limited to, use in drugs, in vitro diagnostic purposes, therapeutics, or in humans. Our products may not be transferred to third parties, resold, modified for resale, or used to manufacture commercial products or to provide a service to third parties without our prior written approval. Your use of this product is also subject to compliance with the licensing requirements described on the product's web page. It is your responsibility to review, understand and adhere to any restrictions imposed by these statements. All other marks are the property of their respective owners. Certain trademarks may not be registered in all jurisdictions.
